Meeting Agenda

Location: Chalmers Library

Date: 11/05 2011

Time: 10:30

Facilitator: Robert Kaumann

Participants: Robert Kaufmann, Boel Nelson, Jennifer Panditha

• Objectives

Discuss what to accomplish during the day and week so that we know what we have left to do and what needs to be done in the near future.

• Reports

Copy, cut and paste is implemented.

More gates in the draw-class are implemented.

main() is moved to a Main.java class.

Save and load now works pefectly.

You can now move components.

• Discussion items

What to accomplish today.
Right-click CCP (copy, cut paste).

Clockpulse.

End-components should show output values.

Finalizing CCP so that connections are presvered.

SDD to be heavilty revised.

What to accomplish during the week.
More test-classes implemented.

Go through documentation to ensure it is satisfactory.

• Outcomes and assignments

Robert: Right click menu. Maybe: (Draw selected gates last. Draw connections better)
Jennifer: Testclasses. Us-standard gate drawal.
Boel: Paste for an arbitrary position.
Anton: Paste with connections preserved.

• Wrap up

We have a lot to do with regards to documentation and test-classes. However we are

very close of finishing our implementation. Next meeting will be held at 17/5.
